SPECIAL EDITION

Hi dear members and guests!

Today's special edition is all about our sport, the

STOCK SPORT!

On the weekend of the 04th June to the 5th of June 2022

we hosted the

GOLD COAST STOCK SPORT CUP 2022

with teams from **Melbourne, Sydney** and of course our boys from the **Gold Coast** competing against each other.

And as the saying goes, a picture is worth a thousand words!

Lean back, take your time and enjoy great sportsmanship!

What is Stock Sport?

Stock Sport originally is a winter sport, somewhat similar to curling. In German, it is known as Eisstockschießen. Competitors slide ice stocks over an ice surface, aiming for a target, or to cover the longest distance. Ice stocks have a gliding surface, to which a stick (ca 30 cm) is attached. The sport is mostly practiced in southern Germany, Austria and Südtirol.

We here on the Gold Coast play on a special bitumen surface. The game is played on a marked field, where teams of four use a stock to bowl down the field aiming at a puck, called the daube, which is similar to a jack in bowls.

There are several disciplines in stock sport, of which only target shooting and distance shooting are contested in international championships.

In **target shooting**, two teams of four players each take turns in aiming for a target, the so-called daube. Points are gained by being closest to the daube after all four players have thrown their stock. In **distance shooting**, the aim is simply to slide away the stock as far as possible.
