Steve, what on earth happened to you???

Nothing, a shot of

Jägermeister

can't heal!!!

It wasn't me!

Joe, Steve's friend pleaded not guilty!

What is Jagermeister? Jägermeister is a German digestif liqueur made with 56 different herbs and botanicals, invented in 1934. It's 35% ABV, which is relatively high alcohol for a liqueur. It was invented by the son of a vinegar manufacturer, Curt Mast, who was passionate about hunting.

OMG! Is this Alice next to me?

Jägermeister might have some healing properties but a friendly **hug** has too!

Wait for it!

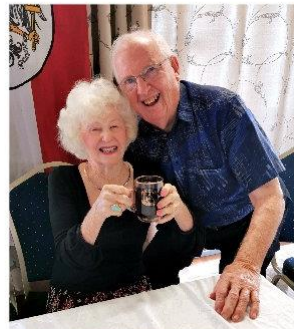

... and there is no hangover! Guaranteed!
