Homemade Spätzle

Spaetzle—also spelled *spätzle*—originates from Swabia, a region of southwest Germany, and served with hearty dishes like schnitzel and goulash. You'll find spaetzle and spaetzle-type dumplings in the cuisines of southern Germany, Austria, Slovenia, Hungary, Alsace, Moselle, and South Tyrol.

With a firm, chewy texture that falls somewhere between pasta and dumpling, spaetzle is one of the most versatile side dishes in the world.

Yes, we have beer from the world's oldest brewery - and the boys obviously love it!

The Bavarian State Brewery Weihenstephan claims to be the oldest operating brewery in the world. It's located on the site of the former Weihenstephan Abbey in Freising, Bavaria. Before the abbey was dissolved in 1803, the monks who lived there brewed and sold beer.

Weihenstephan Tradition Bayrisch Dunkel is brewed according to tradition. A rich, bold and aromatic beer with thick malty character is perfect for the dark beer lover who is after something a little more serious.

Cow bells in current times

The Elanora Bell Ringers: Vikki, Jenny and Karin...

These days, the cow bell is an iconic symbol of the Alpine region and while still worn by cattle, has become a popular decorative piece for around the home or in a smaller form, a shiny accessory!

There are also traditional tuned cow bells (*Alpenglocken*), which are used as a musical instrument and typically come in one-octave sets, consisting of 13 differently tuned and sized bells.

... and their very talented students playing an almost flawless rendition of

Edelweiss

under the guidance of "teacher" Jenny

Well done and sooo much fun!

Maibaum - Austrian traditions

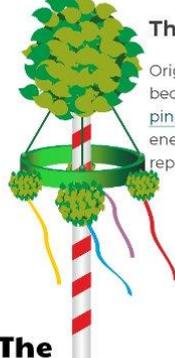

Commonly known as a may pole or may tree in English. Every year on the first of May this tree is been set up by the villages. Usually they come together on that day with food and drinks, the village band play's and people dance around the tree. And up to the present day the villages guard the pole, due to tradition that the young men from neighboring village's trying to steal it.

Those ribbon-weaving dancers are either pairs of boys and girls (with girls taking one color of ribbons and boys the other), or a group of multiple ages where younger dancers take the inside of the circle and older dancers the outside. Either way, the maypole itself is a splendid reminder that spring has sprung and rebirth has begun.

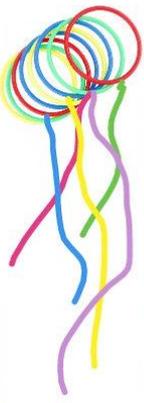

Maifest – 05/05/2024

The Meaning of the Maypole

Originally, the maypole was a living tree. Over time it usually became a tree trunk of the correct height, age, and type (usually pine or birch). Some say that the tree represented masculine energy, and the ribbons and floral garlands that adorned it represented feminine energy.
