Hi dear members and guests!

We will celebrate Harmony Day this coming Sunday and the meaning behind it is:

“Celebration of Australia’s cultural diversity – a day of cultural respect for everyone who calls Australia home!”

Doesn’t this fit our club like a glove?

I don’t know how many members and guests with **different nationalities** are coming to our luncheons and are part of our club for many years!

But I can tell you one thing – MANY!!

Not only Austrians and Germans, but many, many more!

And the message is:

Everyone belongs!

So let’s celebrate

Harmony Day this Sunday
and be entertained by the fabulous

Schneider Musikanten!

Please dress in Lederhosen and Dirndl if you can!

Enjoy!

A bit more about the meaning of Harmony Day and where it came from. That's what I found out online:

21 March is Harmony Day

Our diversity makes Australia a great place to live. **Harmony Day is a celebration of our cultural diversity** – a day of cultural respect for everyone who calls Australia home.

Held every year on 21 March. The Day coincides with the **United Nations International Day for the Elimination of Racial Discrimination**.

The message of Harmony Day is *'everyone belongs'*, the Day aims to engage people to participate in their community, respect cultural and religious diversity and foster sense of belonging for everyone.

Since 1999, more than 70,000 Harmony Day events have been held in childcare centres, schools, **community groups**, churches, businesses and federal, state and local government agencies across Australia.

Our cultural diversity

Australia is a vibrant and multicultural country — from the oldest continuous culture of our first Australians to the cultures of our newest arrivals from around the world.

Our cultural diversity is one of our greatest strengths and is at the heart of who we are. It makes Australia a great place to live.

Multicultural Australia is an integral part of our national identity. All people who migrate to Australia bring with them some of their own cultural and religious traditions, as well as taking on many new traditions. Collectively, these traditions have enriched our nation.

Facts and figures

There are some fascinating statistics about Australia's diversity that can be good conversation-starters:

- around 45 per cent of Australians were born overseas or have at least one parent who was
- we identify with about 300 ancestries
- since 1945, more than 7.5 million people have migrated to Australia
- 85 per cent of Australians agree multiculturalism has been good for Australia

But now let's see what happened at our club:
